Reference

For trademark information, see 21 CFR Section 201.1 (h)(4): Drugs; name and place of business of manufacturer, packer, or distributor.

For copyright information, see 37 CFR Section 201.20: Methods of affixation and positions of the copyright notice on various types of works.

Guidance for determining or changing copyright date

Generally, copyright date is determined based on Sunovion's best estimate on piece "publication" date. This is the date the piece is distributed to the general public/consumer; typically this occurs when the piece arrives with the wholesaler or fulfillment center.

For existing packaging and labeling components:

Minor changes: No change or addition to copyright dates.

Medium changes (relevant but not significant changes): Add copyright date to those existing.

Major changes (new or significantly different label): Remove copyright date(s) and insert new date.
